DATA

ART.NR.	**20523**	**21158**
WEIGHT	0,41 kg	4,92 kg
CONTENT	1 x 400 ml	12 x 400 ml
DIMENSION PIECE	L 195 mm x DM 75 mm	
DIMENSION CARDBOARD	L 310 x B 210 x H 130 mm (Outer carton 12 pieces)	
EAN-CODE	9120045475272	9120045478860

DESCRIPTION

Cable lubricant SPRAY – silicone-based – reduces friction resistance by up to 40% and thus facilitates the pulling of cables and wires into electrical installation pipes. Application: Spray Cable Lubricant SPRAY directly onto the cable or into the cable duct. The lubricants contained in the product are distributed evenly and enable the cables to be pulled through immediately and with minimal friction. Thanks to a special attachment, the product can be applied either over a large area or – with the spray tube open – in a targeted and measured manner. Shake well before use! Stains can be removed with conventional cleaning agents.

Product features:
Non-flammable
Excellent lubricating and sliding properties
No sticking, no drying out
Colorless and odorless
Long-lasting effect for many years

Safety instructions (hazard label H229):
Container is pressurized and may explode if heated. Keep away from heat, hot surfaces, sparks, open flames, and other sources of ignition. No smoking. Do not open by force or burn, even after use. Protect from direct sunlight. Do not expose to temperatures above 50°C / 122°F. Keep out of reach of children.

Note: May cause staining on sensitive surfaces.

Scope of supply: 1 x Cable lubricant spray 400 ml

ADVANTAGES

- Non-flammable!
- Economic to use
- No sticking, colourless and odourless
- Special attachment - spray in or spray on large areas or precisely and with exact metering using a hinged spray tube
- Excellent sliding and lubricating effect over many year
