RUNPOTEC polyester pulling ropes are optimally suited for horizontal cable pulling with the RUNPOTEC CW 800 E capstan winch. RUNPOTEC recommends using the connecting swirl with swivel for horizontal cable pulling. It reduces frictional resistance and protects the cable and the feed system.

Safety instructions: Not suitable for vertical cable pulling, must not be used to carry or lift loads or persons.

Optimal application: for horizontal cable pulling in combination with the CW 800 E capstan winch.
